

— A Member of the Renaissance Design Group —

Russel A. Martino, M.S., P.E.

President

TECHNICAL SPECIALTIES

Russ's technical specialties include conceptual design, lateral load analysis, production of working drawings using all conventional building materials, renovations of existing structures, engineering for construction / constructability, and engineering for demolition. Russ believes in the use of Building Information Modeling (BIM) software (Such as Tekla Structures) to model structures during the design phase to virtually construct the structure prior to breaking ground. He also believes the model should be carried to construction and used to produce Structural Steel, Light Gage Stud, and Reinforcing Steel shop drawings.

EDUCATION

Bachelor of Science, Civil Engineering (Structural Emphasis)
University of Colorado, Boulder, 1999

Masters of Science, Civil Engineering (Structural Emphasis)
University of Colorado, Boulder, 1999

AWARDS

2011 – ENR – Mountain States – Best Projects Award of Merit K-12 Skyview Academy, Highlands Ranch Colorado

2010 – Colorado Construction Magazine – “Top 20 Under 40” in the Colorado Construction Industry

2010 – American General Contractors – ACE Silver Award of Merit for Construction Excellence – “Project of the Year under \$5M” – Skyview Academy, Highlands Ranch Colorado

2010 – American General Contractors – ACE Silver Award of Merit for Construction Excellence – “Meeting the Challenges of a difficult Project” – Crown Pointe Academy, Westminster Colorado

2009 - Colorado Construction Magazine – Gold Hard Hat Outstanding Construction Project in Renovation / Retrofit Category – Aromar Apartment Building Renovation -1309 Grant Street Denver Colorado)

2009 - Colorado Construction Magazine – Silver Hard Hat Outstanding Construction Project in Cultural Category – Palisade Event Center and Mission Bell Outdoor Amphitheater – Gateway Colorado.

PROFESSIONAL REGISTRATIONS

P.E. (Colorado, Wyoming, Montana, Florida, Mississippi, California, Kansas, New Mexico, Tennessee, Texas, Arkansas, Arizona)

EXPERIENCE

2004-Present President & Co Founder, Martino & Luth Inc – Denver , Colorado.

2003-2004 Chief Office Engineer, KL&A Inc – Loveland Office, Loveland, Colorado. Management of small engineering staff. Responsible for Quality Control, Marketing, Project Management, and Office Profitability of Engineering Profit Center.

2000-2003 Design/Project Engineer, KL&A of Colorado, Golden, Colorado. Design of wood, masonry, concrete, and steel structures. Investigation and analysis of existing structures.

1997 - 2000 Engineering Intern, KL&A of Colorado, Golden, Colorado

SIGNATURE FULL SERVICE STRUCTURAL ENGINEERING PROJECTS

EOR – 2012 VA Out Patient Clinic Renovation to Existing Building – Pueblo CO
